

IACP Net Benefits You, Your Agency, and Your Community

With continued growth since 1991, IACP Net includes expanded resources for today's law enforcement leaders: networking, current affairs, portals, and databases of best practices, policies, innovations, and more. Members benefit personally through increased effectiveness and efficiency, as do their departments and communities. Improve your job performance, increase your agency's effectiveness, and save your community's tax dollars with IACP Net.

IACP Net benefits agencies and their communities by providing:

- Increased funding through revenue-generating ideas and grant funding notices
- Cost-saving programs and notices of free and low-cost opportunities
- Better problem-solving capability throughout the department's leadership
- Proven solutions to overcome public objections and obstacles to new ideas
- Strengthened public trust through better decision making
- Access to leadership staff from forward-thinking agencies
- Augmented staffing resources with IACP Net's network of professionals
- Positive national exposure for your department and community
- Shortened implementation by leveraging best practices
- Immediate results from the first day of access
- Pricing that's easy to budget with no budget overruns

Individuals using IACP Net experience benefits like:

- Increased productivity
- Strengthened leadership skills
- Elevated job performance and better performance reviews
- Positive exposure locally and nationally
- Enhanced professional and public image
- Heightened awareness of national trends and policy issues
- Greater ability to overcome objections and obstacles
- Career advancement, some to chief of police
